

**FGQG 25th Anniversary Block Party “Block of the Month”
“Flock of Geese” March, 2010**

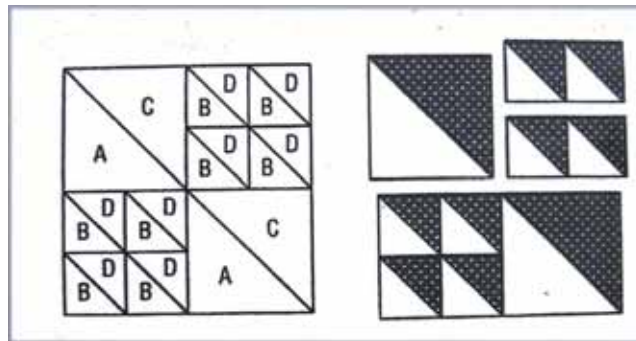

This is an easy block that uses rotary cutting, two different fabrics, and half square triangles to complete the block. If you are not familiar with making half squares, this is a good block for practicing this great procedure for easier piecing. Directions for making half square triangles can be found on the FGQG Web site.

<u>PIECE</u>	<u>FABRIC</u>	<u># TO CUT</u>	<u>SIZE</u>
A	light	1	7" by 7" squares (or, use 6-7/8")
C	dark	1	7" by 7" squares (or, use 6-7/8")
B	light	4	4" by 4" squares (or, use 3-7/8")
D	dark	4	4" by 4" squares (or, use 3-7/8")

- ★ Make dark and light half squares from A and C squares. “True up” (measure and trim) the half squares to 6-1/2" by 6-1/2".
- ★ Make dark and light half squares from B and D squares. “True up” (measure and trim) the half squares to 3-1/2" by 3-1/2".

All seams are 1/4". Press toward the darker fabrics, and sew the block according to the diagram below. Unfinished block measures 12-1/2" by 12-1/2".

Make one to four blocks, For each block, you will be given one chance to win a set of blocks. Four names will be drawn, and the blocks distributed among four people. If the total is not equal, the last name drawn may receive fewer blocks.
